Minimum Total Sustainability Score for Index Inclusion					81	81	74	64	72	

Explanations: Percentile ranking, industry average and industry best scores are presented for comparison within the industry. Average scores on criterion level are provided for index members within each industry. The minimum lowest score for inclusion in each index is provided at the bottom, excluding the buffer rule and the error margin. For each row, weightings are shown in the last column as a percentage of the total weight of 100. All values are on a scale from 0 to 100.
